Words Worth App Review

Dear Parents and students,

Greetings from St. Johns Public School, CBSE.

Enhancing the English language skills of students has always been the primary objective of the School. This is keeping in sync with the ever-growing need of the language in today's competitive world. To meet this need, the school has partnered with the Words Worth English Language Lab, to implement a world class communicative English enhancement programme.

The Words Worth English Language Lab, a company with huge presence in India uses the blended methodology to implement their digital content. A blend of (ILT-Instructor Led Training) sessions that are conducted in the classroom (using digital medium and activities) and computer-based (CBT-computer-based Training) self-practice sessions that are done at home (using computers or tablets) is used to conduct the sessions.

As part of the programme, your child/ward will undergo extensive training in the various skills of the English language, using this digital content both at school and at home. Access for such content will be provided by Words Worth through an e-learning portal/app. Your ward/child will have ample practice content at his/her disposal. This will offer opportunity to practice standardized content much needed to enhance English as a skill.

To make this program even more effective Words Worth English language lab have launched the - **Student Subscription Model** which allows students and teachers to access the English language content from home also. Many new features too have been added as it allows the child to access the software for a longer period each week. Details of the same are as given below:
